

Your Tour Guide – Sunrise Birding Tour

Robert Ferguson, a retired professional Wildlife Biologist, has lived in the Columbia Valley near Golden for 15 years.

As co-author of the Bird Checklist for the upper Columbia River valley, Robert has extensive knowledge of the local birds – and where to find them! He is always eager to share his knowledge with newcomers to the Columbia Valley, and to welcome naturalists and outdoor enthusiasts.

Robert developed a passion for nature and birdwatching at an early age, growing up on the farmlands of southern Ontario. More recently, he has pursued his passion for birds and for our planet's other natural treasures in Costa Rica, Peru, Scotland, Australia, New Zealand, the Florida Everglades, and Canada's High Arctic.
